

Radio and TV stations should not be exempt from the Do Not Call list. It is a solicitation precisely like all the others. I want all these telemarketing practices stopped. I am frustrated by the recent court action to block them. I'm also getting snide comments from solicitors all but laughing at me when I'm asked to be put on their DO NOT CALL list. If I have a business relationship with them, I'll have to deal with that. But most others are hanging up on me! I HATE THIS!
